HOW TO CALL 9-1-1

In an **EMERGENCY**,

Just pick up the phone and press
Three simple numbers.....

9-1-1

Calling 9-1-1 will get you the help you need **FAST!**

When should you dial 9-1-1?

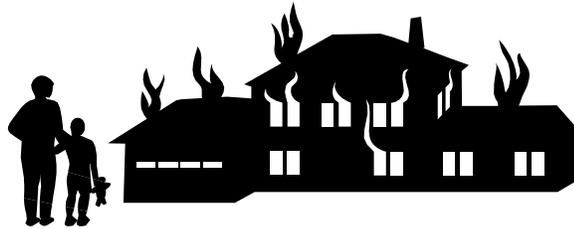

- **Injuries and medical emergencies**
- **Fire**
- **Crime**

When you place a call, a dispatcher answers on the other end. In most places around the country, as soon as the dispatcher picks up the phone, there's an immediate link to you. Your address and telephone number instantly appear on the computer screen. However, even computers can be wrong sometimes, that's why it is very important to know your address and phone number so the dispatcher can verify that the information on their screen is correct.

WHEN DO I CALL 9-1-1?

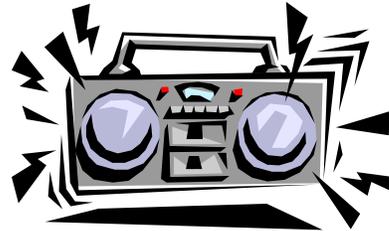

Call 9-1-1 only for real emergencies. If there's a fire in your house, get out! You don't have time to waste. You can call 9-1-1 from a neighbor's telephone in another building. If you witness a crime or hear strange noises outside your house, call 9-1-1 to reach the police.

DO

Don't call 9-1-1 for problems that aren't emergencies, like a stolen bike or a loud stereo next door. Instead call the police at the non-emergency number.

DON'T

And REMEMBER.....

STAY CALM! LISTEN CAREFULLY! DON'T HANG UP!

If you ever need to call 9-1-1, stay calm. The dispatcher will ask you a list of questions. Listen carefully. The dispatcher will give you step-by-step instructions on what you need to do. Don't hang up. Wait for the dispatcher to tell you it is okay to get off the phone.

If you are ever scared but don't know if you should call 9-1-1, go ahead and call. The dispatcher will get you the help you need. But remember, NEVER make prank phone calls to 9-1-1!
